OVER 170 ARTISTS WELCOME YOU TO THEIR STUDIOS

From the top of the South Downs, through the valleys, down to the sea, along the coast and into the city, local artists and makers are ready to show you their work and answer your questions about techniques, inspiration and ways of creating.

To be invited into a place as special as an artist's studio, feels like a rare treat; an enriching insight that shines a light on their work, making it accessible and full of meaning.

Painters Printmakers Potters Sculptors
Textile Artists Glass Workers Jewellers
Photographers Metal Workers Dressmakers
Illustrators Calligraphers Weavers

...to mention just a few of the artists who enjoy this opportunity to share their working practice with you.

WELCOME TO THE 2018 CHICHESTER OPEN STUDIOS ART TRAIL

WHAT IS THE ART TRAIL?

It starts here, with this booklet, the **Trail Guide**. Each artist has their own entry, with an image and a brief description of their work. The Trail itself is a sequential listing of Venues, grouped according to geographical sector; **North, South East, South, West** and **Central**.

There is a large diversity of art and artists, so the **Trail Guide** will help you plan your own trail route. Browse through to find artists that catch your eye, or places you would like to visit. At the back you have a fold out map of the whole Art Trail, with Venue numbers and a List of Artists. If you wish to visit specific artists, you can find them in the Alphabetical List at the front. Or if you like particular types of art, there is an Artist Index by category of work.

Visit **www.chichesterarttrail.org** to do some research before you begin your trail. Here, there are more maps to locate studios and a web page for each artist, with further examples of work and an insight into their background and inspiration. You will find information about Chichester Open Studios Art Trail as a whole, adding perspective to the art and practice of its participants. If you would like to keep in regular touch as a visitor, or an artist, there is a Newsletter sign up form on the website.

FINDING YOUR ARTISTS

This Trail Guide includes maps of each sector, with directions, post code and telephone number for each Venue. When you reach the general location, you should easily be able to spot the bright green Chichester Art Trail signs and a display of balloons to let you know you have arrived.

We hope you thoroughly enjoy your days out and about on the Art Trail. If there is not time to visit all your chosen artists, hold on to your Trail Guide for reference and feel free to contact artists at a later date.

WHAT IS AN OPEN STUDIO?

A place where art is the focus: where the walls and surfaces lay evidence to a creative dialogue drawn out from the equipment, tools and artifacts which populate the space.

Working areas, interesting corners, odours, sounds and unfamiliar displays of colour, pattern, shape and form; an exciting environment to ponder and savour.

The chance to ask questions, start a conversation with the artist or just walk around, with fellow visitors, admiring the works on show.

There will usually be the opportunity to buy work and perhaps information about artists' events or courses, if they offer them.

For an artist, it is the pleasure of inspiring talks with visitors, which adds fuel to their own practice and makes valuable connections.

But, most of all, an Open Studio is somewhere you will find a welcome from the artist.

This is a wonderful opportunity to see most of the artists in their own environment, together with their equipment, materials and work in progress, thus giving a unique insight into their working practice. As such, we hope that you will respect their hospitality when you are welcomed into their homes and studios.

TAKE CARE!

Please note that you enter studios and workshops at your own risk. The organisers of The Chichester Open Studios Art Trail cannot accept liability for any loss, damage or injury sustained by any member of the public during their visits to studios and workshops. Please supervise children carefully.
